AUTOMATION VALVE

AUTOMA

Automatic Valve & Accessories

AUTOMA was established since 1992 as the leading of industrial product's supplier particular paid attention in Control Valve , Automatic on-off Valve , Pneumatic Actuator and various kinds of accessories such as limit switch , solenoid valve and air filter regulator exported to many countries such as Middle East , Southeast Asia , Europe , South Africa and U.S.A.

AD50-25S3
MAT'L : SS316
SIZE : 1/2" TO 2"

AD50-20F
MAT'L : SS304
SIZE : 1/2" TO 14"

STREAM TRAP

AYVAZ A.S. has produced with latest technology for 65 years and today our experience can be seen all of our products and special solutions for client. In 1948, Ayvaz started to produce brass valves for maritime industry. Since its inception, Ayvaz developed product range day by day. Now, Ayvaz have 25.000 m² indoor area for production. AYVAZ A.S. exports more than 78 countries all over the world. Also 4 branch offices are in Italy, Russia, Ukraine and Iraq.

MODEL : TDK-45
THERMODYNAMIC

Max.pressure 40 bar
DN 15 to 25
Temperature up to 400°C

MODEL : SK-51, SK-50, SK-70
FLOAT TYPE WITH AIR VENT

Max.pressure 16 to 40 bar
DN 15 to 50
Temperature up to 250°C

MODEL BT-16
INVERTED BUCKET

Max.pressure 16 bar
DN 15 to 25
Temperature up to 220°C

MODEL : TK-1
BI-METALLIC

Pressure rating PN40
DN 15 to 50
Temperature up to 400°C

MODEL : HK-23
SUPER CONDENSATE RELEASER

Max.pressure 21 bar
DN 50 to 100
Temperature up to 250°C

MODEL : SA-51 & SA-50
LIQUID ELIMINATOR

Max.pressure 16 bar
DN 15 to 50
Temperature up to 250°C

MODEL : HA-52 & HA-62
AUTOMATIC AIR VENT

Max.pressure 16 bar
DN 20
Temperature up to 250°C

MODEL : VK-70 & VK-71
VACUUM BREAKER

Max.pressure 16 to 25 bar
DN 15
Temperature up to 400°C

GENERAL PROCESS VALVE

MODEL : GV-16, GV-25, GV-40
GLOBE VALVE PACKING SEAL

Pressure rating PN16 to 40
DN 15 to 400
Temperature up to 400°C

MODEL : CLV-50
LIFT CHECK VALVE

Pressure rating PN16
DN 15 to 400
Temperature up to 300°C

MODEL : CV-10 & CV-11
DISCO CHECK VALVE

Pressure rating PN40
DN 15 to 200
Temperature up to 300°C

MODEL : PTY-20
Y-STRAINER

Pressure rating PN16
DN 15 to 400
Temperature up to 300°C

MODEL : PV-16 & PV-40
PISTON VALVE

Pressure rating PN16 to 40
DN 15 to 200
Temperature up to 450°C

MODEL : TVG-20
FULL PORT BALL VALVE

Pressure rating PN16
DN 40 to 200
Temperature up to 120°C

MODEL : BVD-25
PRESSURE REDUCING VALVE

Pressure rating PN16
DN 15 to 25
Temperature up to 210°C

MODEL : PKV-50
PISTON ON-OFF VALVE

Pressure rating PN25
DN 15 to 50
Temperature up to 180°C

GENERAL VALVE

ALCON_{valve}

ALCON INC. entered the industrial valve market in 1998. Early in our history, we partnered with API accredited valve factories in Asia, allowing us to import high quality valves produced in accordance with strict engineering criteria at a competitive price.

FLANGED BALL VALVE

1-PC BALL VALVE

2-PCS BALL VALVE

3-PCS BALL VALVE

REFLEX LEVEL GAUGE

SOLENOID & LIMIT SWITCH

EUROTEC GmbH was founded in 1996 as manufacturer of actuator accessories with it's Headquarter in Germany. Our strengths are among others our extreme flexibility, our contious innovations as well as our high quality standard for a fair price. Especially the production in Germany with it' high reputation in quality standards allowed us to keep up this philosophy for 14 years. Since 2008 EUROTEC is certified after DIN ISO 9001-2008.

COMPANY PROFILE

Entervalve has been established since 2013 with 1 million baht registered by people who are professional about industrial process valves and instruments, experienced more than 10 years.

Entervalve supplies high quality products which toughest flow control problems can be solved for various industries. Our product ranges comprising of butterfly valve, gate/globe/check valve, plug valve, air valves, pinch valves, knife gate valve, tank bottom valve, control valve, valve actuator, safety valve, electric actuator, explosion vent panels, expansion joints, pressure sensors, process equipment, flanges and pipe products. We has become the leading provider and related products for municipal and industrial applications.

Wastewater Treatment
Power Generation Industry
Chemical Industry
Oil & Gas Industry
Pulp and Paper Mills
Sugar mills Industry
General Industry

Providing Personalized Service :

We concern customer's requirements as the first priority and prompt respond and enquiries with "Friendly Service". Entervalve believes the connection with our clients deserve personal touch. Our office tome is between 8.00am to 5.30pm. All of your enquiries and questions will be prompted respond by Entervalve team. Fax and email will be responded immediately and reply by our highly trained staff and professional sales engineer. Finally, if you prefer to hold the meeting for technical clarification, our network of highly qualified field sales representatives are ready to support you.
